Plaintiff,  
v.  
Diana L. Farler  
Defendant

CIVIL ACTION CASE No: 3:13-cv-71-JD-CAN

ANSWER TO AMENDED COMPLAINT

Plaintiff, Malibu Media, LLC, Sues Diana Farler and alleges:

Your Honour,

I am filing a motion to ask for an extension for this court hearing scheduled for Jan 17, 2014 at 3:00 pm in South Bend Indiana. I am still having a difficult time finding representation that I can afford, my only income is my disability. I am also limited on a vehicle for travel. I have honestly been trying to find representation to no avail.

I am seeking an extension on this hearing because I am going to try to see if any local colleges law clinics will be interested in <sup>rep.</sup> presenting me. I feel the depth of this case requires I have proper representation that I'm entitled to. If I can't find representation at a college I will pursue getting a public defender appointed to me.

I greatly appreciate your time and patience in this matter and am very sorry for any inconvenience I may have caused. Most of the charges I don't fully understand and am trying my hardest to find some sort of representation to explain many facts to me in laymans terms.

I have included my address and phone number for the record.
